SUMMARY **Programmer, Data Scientist, Ex-Athlete, Leader**

I am a serious competitor, unusually ambitious, extremely curious, and an [adaptomaniac](#). I enjoy building useful beautiful things.

SHINY THINGS **Avant-Gardes v1: Rick Rolled**

Summer 2021 | [Project](#)

NFT project to learn about web3. Built using Python, JS, CSS, HTML, Solidity and the web3.js library.

Deep Learning Specialization

2021 | [Course](#)

One of many great resources I have used to learn about Ai.

Baseball

Young - 2021 | *Achievement*

All-Conference in 10th & 12th grade. (No season in 11th) Opportunities to play collegiate level ball. Ultimately I enjoy thinking about brains, Ai, and technology too much.

Flamethrower

2021 | *Project*

Built a flamethrower. See [picture](#).

EXPERIENCE **Car Detailing (Self-Employed)**

2019 - 2021

Started my own small business after a few unfulfilling minimum wage jobs.

Automation Outfitters

2021 - 2021

Assembling control panels. The CEO was my neighbor and a tech guy.

Computer Science Research

2022 - Now

"Creating the optimal font for dyslexic readers using a GAN (Ai)"

Built the entire website using the Django framework: Python, HTML, CSS, JS. Have to work on a modified Attr2font GAN once our data is collected.

Education **Brookland High School**

4.0 GPA | *Summa Cum Laude*

Arkansas State University

3.74 GPA | *Honors* | 24'
